Brian Haarmann

I'm a passionate creator and problem solver, skilled in database languages, relational databases, and data analysis. I thrive on turning complex challenges into innovative solutions.

? Why Consider me?

As a passionate and innovative *Solutions Engineer*, I bring a rich tapestry of creativity and *technical expertise* to the forefront of *ad technology* and data-driven solutions. My career journey, spanning roles as a *SalesForce Administrator,* Customer Support Technician, Sales Engineer, *Data Analyst, SQL Developer*, and Entrepreneur, has iinstilled me with a versatile skill set and a deep understanding of technological intricacies.

I excel in transforming complex challenges into operational efficiencies, thriving in environments that demand *agility, problem-solving,* and s*trategic thinking.* My proficiency in scripting SQL transformations and my adeptness with the SnowFlake Cloud Platform have enabled me to design and implement robust *data pipelines*, optimizing *data delivery* for diverse requirements. My background in analytics and my entrepreneurial mindset equip me to proactively identify and capitalize on opportunities for automation and process improvement, always with an eye towards reliability, low latency, and high performance in systems.

In my role, I'm committed to improving application life-cycles and evolving software systems, prioritizing reliability and system health. My experience in providing end-to-end support, from *intaking user requests* to *troubleshooting* and maintaining *data connections,* aligns seamlessly with the responsibilities of a *Sr Solutions Engineer*. I pride myself on my ability to act as a bridge between engineering and operations, ensuring cohesive and efficient workflows.

My analytical prowess, combined with my *"do what it takes" attitude and adaptability,* makes me a valuable team player who excels in fast-paced, data-centric environments. I am *passionate* about *leveraging data* to drive strategic *decision-making* and to deliver top-tier results in ad sales and reporting capabilities. With strong interpersonal skills and a knack for building consensus, I look forward to contributing to and growing within the dynamic and innovative team at Disney Ad Sales.
